

LET'S GET THIS PARTY STARTED RIGHT!

I am sure you are trying to sort out all the information you have been given recently. We all just want to see you do well so we are giving you as many tools as we can. To make it a little easier on you, we have compiled a check list for you.

Now remember your sponsor is here to mentor you, but you have to be willing to do what is needed to get your business up and running! Here is to you and your new journey!

- Log into your workstation with your consultant ID number and password. Explore the workstation.
- Read the quick start guide, as well as Scentsy Standards. These are very important for a strong business.
- Schedule your launch party right away. There are awards waiting to be earned!
- Set up a party on your PWS that will close on your 15th day.
- Create your [list of 100 contacts](#). You know more people than you think!
- Take the [new consultant training](#) on your workstation.
- Make sure you are on your team facebook pages for announcements, ideas, support etc.
- Enter a mock party on your workstation so you get the feel of it.
- Set your goals short and long term for your business. WRITE them down!
- Set up a separate bank account for your business transactions (optional).
